FOR IMMEDIATE RELEASE

No-Rust Rust Preventive offers up to 5-years of protection

Non-silicone, non-wax formulation displaces moisture and adheres tightly to surface

Wheeling, IL — Both a neutralizer and rust preventive, No-Rust provides positive protection by displacing moisture from metal surfaces and adhering tightly to the surface, putting an effective barrier between metal and the corrosive environment.

No-rust has no ozone depleting chemicals. It neutralizes fingerprints and works on stamping dies, stripper plates, jigs and fixtures, rubber mold dies, die casting dies, precision instruments, machine tools and machined or ground steel of all kinds. Accurate spray pattern concentrates protection in normally inaccessible crevices. *Protects up to five years under normal conditions.

Founded in 1953, Slide Products, Inc., an environmentally conscious manufacturer, makes mold releases, cleaners, rust preventives and more.

For a trial sample of Slide's products and a catalog go to www.slideproducts.com, or contact Slide Products, 1-800-323-6433; Fax: 1-800-756-7986; Email: info@slideproducts.com.
